SPRINGFIELD, MASS.

"The City of Homes"

Form of Government

Bicameral.

Population

U. S. Census (1940) 149,554.
Estimate at present, 168,000.

White Population of Age

146,361.

Colored Population

3,144. 1940 Federal Census.

Number of all Males

72,246. 1940 Federal Census.

Number of all Females

77,308. 1940 Federal Census.

Predominating Nationalities of Foreign Born

Italian, French Canadian, Canadian, Irish, Polish, Russian, Scotch, English.

Area

31.90 square miles. Altitude 75 to 200 ft.

Average Temperature

51.2°, 1947.

Rainfall

43.25″, 1947.

Parks, Playgrounds and Land

140 with 2064 acres valued at $7,770,389.

Assessed Valuation

$246,987,820.

Tax Rate

$39.90 per $1,000 (1948).

Bonded Debt

$8,713,000 (Dec. 31, 1948).

Financial

Five commercial banks having trust companies with total deposits of $185,472,904 (Dec. 31, 1948); total resources of $273,566,365 on Dec. 31, 1948 and clearings of $402,543,958 for year 1948. Three savings banks with total deposits of $131,990,660 on Dec. 31, 1948.

Post Office Receipts

$2,400,067.69 for year ending Dec. 31, 1948.

Telephones

75,338, Jan. 1, 1949.

Churches

89 representing 19 denominations. Included in the 89 are 16 churches "Undenominational."

Building Construction

1,647 building permits issued, valued at $9,906,797 with 852 new building permits valued at $8,188,289.

852	permits new buildings	$8,188,289
795	permits additions, alterations	$1,718,508
1647		$9,906,797

Radio Broadcasting Stations

WBZA; WSPR; WMAS.

Industrial

Chief industries of the city and surrounding territory (manufacturing); electrical machinery, apparatus and supplies, foundry and machine shop products, machine tools and machine tool accessories, firearms, plastic materials, printing and publishing, envelopes, bread and other bakery products, motorcycles and parts, forgings, women's clothing, bronze and aluminum castings, knit goods, games and toys, patent medicines, handbags and billfolds.

Trade (Retail and Wholesale)

Retail area has radius of 50 miles and population of 450,000. Wholesale area has radius of 100 miles and population of 600,000. (Springfield-Holyoke Metropolitan District).

Newspapers

Two daily. 1 Sunday.

Hotels

Twenty-three with total of 2,286 rooms. Newest hotel opened in 1946.

Railroads

NY Central (Boston & Albany), Boston & Maine, New York, New Haven and Hartford.

Highways

Route No. 5 north to Canada and south to New York; Route No. 20 east to Boston, west to Albany; Route No. 57 connects Springfield with College Highway; Route No. 116 to Willimansett; Route No. 83 to Conn.

Airports

American Airlines, serving Springfield at Barnes Airport in Westfield, 11 miles from city.

Eastern Airlines, Northeast Airlines and United Airlines, serving Springfield from Bradley Field, Windsor Locks, Conn., 12 miles from city.

Amusements

13 moving picture theatres. Municipal auditorium seating 3,218. One legitimate theatre seating 1,530.

Golf Courses

Eight, including two municipal.

Hospitals

Eight hospitals with 1,067 beds (includes Shriners, Isolation and City Hospitals).

Educational

American International College; Springfield College; Northeastern University and State University Extension—Springfield Division. Public schools: 38 including 3 senior high schools and 5 junior high schools. Number of parochial schools 11. Number of pupils in public schools 20,203, in parochial schools 5,905. Number of teachers in public schools 830; in parochials—not available. Value of public school property $14,107,004.63.

Public Libraries

Seven branches with a total of 520,511 volumes.

City Statistics

Total public street mileage 252.47 with 252.-2739 miles paved. Miles of gas mains 547; of sewers (storm and sanitary) 327.573. Number of water meters 28,350; light meters 67,030 and gas meters 61,857 (city). Capacity of water works (municipal or private) 25,000,000,000 gallons with daily average pump of 26,120,000 gallons, 365.69 miles of mains and plant valued at $18,566,893.03. Fire department has 469 paid men, with 9 autos, 10 engines, 13 hose wagons and 9 hook-and-ladder trucks, in 14 station houses. Value of fire department real estate and equipment, $1,505,959.06. Police department has 302 men, with 2 stations and 42 pieces of motor equipment. Value of police department equipment, $141,459.01.

THE CITY TODAY

Springfield, Massachusetts was settled in 1636, as a result of the efforts of William Pynchon and a band of faithful followers who sought the fertile valleys in this part of the country, for homesteading purposes. It was made a town May 14, 1636, O.S., and incorporated a city May 25, 1852.

The city has grown to a community having a population estimated to be 168,000. Springfield is 99 miles from Boston, 103 miles from Albany, New York, and 135 miles from New York City. Immediately surrounding Springfield are numerous smaller towns and cities, including among the first, West Springfield, Longmeadow, East Longmeadow, Wilbraham and Ludlow, and among the latter, Chicopee.

Springfield has, since the last part of the eighteenth century, been continuously developing as a manufacturing center, although surrounded by communities agricultural in character. The industry of the community is of varied quality. The skill of workmen to be found here has developed the popularity of the community as an industrial section for the manufacture

of many varied products. For the most part, raw materials and supplies are transported to the city. The location of the city nearly equidistant from the three large centers—Boston, Albany and New York—is an enviable one.

The rolling hills rising from the Connecticut River Valley provide for excellent residential sections.

The prevailing meteorological conditions give to Springfield typically New England seasons with charming summers and cold winters with some snow.

SERVICE INSTITUTIONS

Springfield is fortunate in having a group of public utility organizations which aid, and have for many years, in the development of the community. Under the municipality, there operates a Springfield Water Works the activities of which provide the community with excellent drinking water, piped to the city from the eastern foot-hills of the Berkshires. An excellent reservoir system practically doubling a previous capacity, and provides a maximum flow adequately to care for the city for many years to come.

SPRINGFIELD GAS LIGHT RATES, APRIL 1, 1949

Household rate

first 100 feet $1.00; next 900 feet 15½ cents; excess 11½ cents per 100 feet.

Water heat and refrigeration

100 cubic feet at $1.00; next 900 feet at 15½ cents; next 1,000 feet at 11½ cents; next 8000 feet at 7½ cents; over 10,000 feet at 7 cents.

Heating rate

first 100 feet at $1.00; next 900 feet at 15½ cents; next 1,000 feet at 11½ cents; next 3,000 feet at 7½ cents; over 5,000 feet at 6 cents.

All rates are net subject to fuel surcharge.

Springfield has long been recognized as a community in which the educational facilities are of an unusually high standard. The public schools' program is most complete and leads the pupil through the primary grades and junior high schools into one of four high schools of excellent standing and character. In the first—the Classical High School the curriculum is of an essentially academic character, providing for the continuance of education in the academic colleges and universities. The second—the Technical High School—is fundamentally an engineering school and offers courses leading directly to industrial work or into the higher engineering colleges. The third—the High School of Commerce—prepares the pupil thoroughly for a business career and also for entering into a limited group of colleges. The fourth—the Springfield Trade School prepares the pupil for industrial employment.

Freight rates prevail for the shipment of raw materials and finished products into and from the city on a basis which permits our manufacturers to compete with others in similar lines in other parts of the country.

Springfield has dwelling units for 42,291 (1940 Federal Census) families and has long been known as a community of home lovers. The environment which has been created is a result of a mixed population, possessing many natural advantages and proving pleasing to all. There are many community civic organizations, each of which was definitely formed for the improvement of its part of the city.

CONSUMING POWER

Farm products valued at approximately $7,093,750 were raised in Hampden County in 1946 and consumed mostly in this area. $82,250,889 worth of stock and materials was used in our factories in 1945. Springfield is forced to import from outside all basic raw materials even to lumber and depends on its skilled labor and native ingenuity in fabrication to maintain its industrial supremacy. The normal consummation of a population of 160,000 is augmented by at least 100,000 to include traveling men, attendants at conventions, schools, etc.

INDUSTRIAL SITUATION

The latest available statistics in Springfield show 294 establishments making as many different lines, paying wages of $50,962,812 employing 21,087 people and producing $200,-061,133 worth of products. Many of these factories manufacture products known the world over and spread the fame of Springfield into all countries. Westinghouse Motors and Bosch Magnetos, Indian Motocycles, Smith & Wesson revolvers, Springfield rifle, Absorbine Junior liniment, Monsanto chemical products, and Milton Bradley games and toys are typical examples. Industry in Springfield is highly diversified though the manufacture of electrical goods and equipment slightly predominates in value all other lines. Skilled artisans can usually find steady employment in Springfield due to this condition.

Springfield is justly proud of its title, "The City of Homes," and well deserves it. Abundance of water power in the valley has caused erection of enormous hydro-electric stations with the result that reasonable electrical rates prevail and practically all homes enjoy the use of electricity with all its advantages.

FINANCIAL SITUATION

Though having one of the lowest municipal tax rates in Massachusetts, Springfield has been continuously developing without unduly burdening the public and has a total outstanding net bonded indebtedness of but $8,713,000. Economy is the rule of Springfield's administration though large appropriaitons for permanent improvements are made yearly to keep pace with the schedule of the City Planning Board. Springfield has five commercial banks and three savings banks; Additional banks: 2 Co-op., 1 Federal Land Bank. Due to its being so accessibly located Springfield was chosen as the logical location for the establishment in New England of the district branch of The Federal Farm Loan System.

RETAIL TRADE

While Springfield has a population of 168,000 estimated people, its retailers serve a territory containing 450,000 population. The two main department stores of Springfield do an annual business in excess of $20,000,000. The large proportion of merchandise carried in Springfield is of a quality nature as there are no great number of the so-called poorer class in Springfield. Seventy-six per cent of its inhabitants are native born.

WHOLESALE TRADE

Springfield is served north, east, south and west by trunk line railroads and it has consequently become a well-known jobbing center. Stocks carried in Springfield cover practically every well-known product manufactured in the United States applicable to the northern climate and are distributed over a radius of more than 100 miles.

CIVICS AND WELFARE

Of outstanding value is the work done by the City Planning Board through whose efforts a definite arrangement for the control of the future growth and development of the city is projected and maintained.

Hospital facilities are more than complete, for the community is fortunate in possessing four hospitals caring for general cases, two hospitals maintained particularly for the care of maternity cases; and one hospital for diseases requiring isolation, erected by the city at a total cost of approximately $750,000. Beautifully modern, a wing of the Springfield Hospital, erected at a cost of $2,500,000, was opened late in 1931. Springfield is fortunate also in being the home of the Shriners' Hospital for Crippled Children for the whole New England area. Medical and surgical treatment may be had from many physicians and surgeons of repute.

Health and sanitation are carefully guarded. Through our school system the health of the children is given more than adequate attention.

Springfield possesses every type of amusement and recreation offered in cities of its size —theaters, dancing salons, boating, canoeing, golfing, tennis—all of these are available. Supervised recreation for children is made possible through the very efficient work of the Springfield Park Department, through the agency of which are operated 140 public playgrounds, lands and parks covering more than two thousand acres.

CITY AS A CENTER

Springfield is the center to which tourists come over excellent highways, and through which they pass enroute to Maine, New Hampshire, Vermont, as well as to points of interest in Eastern Massachusetts.

Springfield is a trading center for a population estimated at 450,000. To the community are attracted these persons who seek adequate shopping facilities, excellent stores, fine restaurants and hotels.

The industrial prestige of the city has been developed as a result of the skill of its workers in mechanical trades. It is in a sense an agricultural base, for here are located the Eastern States Farmers' Exchange, the Hampden County Improvement League, and many other agencies working co-operatively for the development of agriculture throughout all of New England.

Springfield is the Western Gateway to New England, and the most easily accessible city in New England from points outside thereof. During 1948, 32,800 persons attended 63 conventions held in the city of Springfield. The Springfield Chamber of Commerce operates a Convention & Visitors Bureau which actively solicits convention business and renders a maximum of co-operation to convention groups meeting in this city.

ADVANTAGES AND CLAIMS

In the last analysis, Springfield is the only city in the area between Boston, Albany and New York that has developed in a balanced way along the lines of beauty, education, finance, industry, mercantile and recreation. It is a community to which persons come to visit and remain to live and prosper.

CITY AS A SERVICE CENTER

The Springfield Chamber of Commerce for more than forty years has functioned in a capacity as a counsel and guide not only to citizens of the community, but to those from other cities seeking information or advice about the city. It is ready to co-operate in every practicable way to assure interested persons that they will receive adequate and reliable information concerning the community and its activities.

"What You Should Know About Your City"

"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government and her needs. This knowledge develops, first, an intelligent interest; then, a sympathy; then, a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful; and finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.

SPRINGFIELD GOVERNMENTAL DIRECTORY

City Election
Tuesday following First
Monday in November
Odd Years

City Government
Organized First Monday
in January

CITY OFFICERS

Municipal Building 36 Court

Mayor—Daniel B. Brunton; Clerk, Helen R. Shea.
City Clerk—Clifford F. Smith; Assistant City Clerk, Oliver C. Grant.
City Collector—James J. Murphy.
City Treasurer—George W. Rice; Deputy Treasurer, Francis E. J. Callaghan.
City Messenger—Edward J. Connolly, Jr.

BOARD OF ALDERMEN

President—John W. Delaney.
1st Ward—Joseph B. Mahoney.
2d Ward—William J. Foley.
3d Ward—William G. Macaulay, Jr.
4th Ward—John F. Donovan.
5th Ward—Francis E. J. McCarthy.
6th Ward—John W. Delaney.
7th Ward—Raymond F. Sullivan.
8th Ward—Thomas E. Quinn.
Clerk—Clifford F. Smith.

COMMON COUNCILMEN

President—James H. Higgins.
1st Ward—Andrew J. Ahearn, Armand N. Tancrati.
2d Ward—Francis A. Doyle, Harold J. Walsh.
3d Ward—Justin G. Cavanaugh, Anthony M. Scibelli, William J. Kingston.
4th Ward—James H. Higgins, Carlyle S. Dewey, Albert Walton, Jr.
5th Ward—Herbert J. Jocelyn, Ernest B. Bozenhard.
6th Ward—Archie A. Burack, Theodore J. Gauthier.
7th Ward—Harry A. Oltsch, Charles E. Field.
8th Ward—Frank A. Lindquist, Charles A. McCurry.
Clerk—Charles G. Butterworth.

JOINT COMMITTEES

Finance—The Mayor, Alderman Quinn; Councilmen Higgins, Oltsch, Cavanaugh.
City Property—Alderman Mahoney, Councilmen Burack and Lindquist.
Fire Department—Aldermen McCarthy and Mahoney; Councilmen Doyle, Oltsch and Tancrati.
Board on Claims—The Mayor, Alderman Donovan and Councilman Higgins.
Supervisors of the Department of Streets and Engineering—The Mayor, Alderman Sullivan, Councilman Gauthier.
Traffic Commission Board—Alderman Foley; Councilmen Bozenhard and McCurry, Chairman of Planning Board, Chief of Police, Chief of Fire Dept., Supt. of Streets and the Traffic Engineer.
Legislative Matters—Aldermen Foley and Macaulay, Jr., Councilmen Dewey, Scibelli and Cavanaugh.

MUNICIPAL WATER WORKS

The works are in charge of a board of Water Commissioners consisting of (Dudley B. Wallace, Chairman; Anthony P. McQuade and Mayor Daniel B. Brunton.) Leland G. Carlton, supt.; clerk and water registrar, Dennis F. Sweeney; Peter C. Karalekas, chief engineer. Office, (319) City Hall. Service Building and Yard, 71 Colton. Office hours 8:15 a.m. to 4:45 p.m. Monday thru Friday. Telephones: (applications and information) 6-2711; (work and trouble calls, day or night) 2-5188. The supply of water is taken from the Little River watersbed (situated principally in the towns of Blandford, Granville and Russell) and by means of the following storage structures:

	Capacity in Gallons.
Borden Brook Reservoir (impounding	2,500,000,000
Cobble Mt. Reservoir (impounding)	22,829,000,000
Intake Reservoir (diverting)	40,600,000
Sedimentation Basin (before filtering)	38,700,000
Provin Mountain Reservoir (after filtering)	29,280,000
Total	25,437,580,000

The former supply from impounding reservoirs in Ludlow and Belchertown is also retained at present for towns of Ludlow and Wilbraham and for emergency uses, and witb its storage capacity of 1,434,218,000 gallons make an aggregate capacity of 26,871,798,000 gallons.

Range of pressure on mains for day and night, as follows: Main street level, maximum, 147 pounds, average, 140 pounds. Hill section level maximum 87 pounds, average, 80 pounds.

The entire supply of city water to any premises is furnished by meter only and at meter rates; the necessary meters are installed by the water department at expense of the consumers for tbe initial cost of the meters and connections only.

The cost of ordinary care and repair of all meters is borne by the water works; the cost of unusual repairs (necessitated by freezing, hot water, etc.) due or attributable to any carelessness, or neglect on the part of the consumer, will be charged to the consumer or owner.

METER RATES

(Subject to all rules and regulations)

For each 100 Cubic feet (748 gallons) of water as registered or estimated for each independent premises the rates sball be as follows:

For the first 5,000 cubic feet or less per quarter, at 20 cents per 100 cubic feet (about 30 cents per 1,000 gallons).

For all excess over the first 5,000 feet per quarter, at 5 cents per 100 cubic feet (about 7 cents per 1,000 gallons).

Where tbe aggregated total use for one Independent premises amounts to 750,000 cubic feet or more in any one quarter, the entire quantity will be charged at 5 cents per 100 cubic feet.

Subject to the following minimum quarterly charges:

(a) Single dwellings and double houses or blocks (of two or more ground-floor single tenement sections). each tenement not less than $2.00 per quarter.

(b) Tenement bouses, apartment blocks, etc., each tenement or apartment not less than $1.50 per quarter.

(c) Business blocks, manufacturers, and other industrial plants, elevators and motors, each bill for each independent premises, not less than $2.50 per quarter.

Special for Elevator Uses—Where tbe total or aggregated quantity for operating one or more elevators on each independent premises amounts to 33,000 cubic feet or more in any one quarter, and is metered and billed independently of all other uses, the entire quantity will be computed at 5 cents per 100 cubic feet; but no bill hereunder shall be rendered at less than $25.00 per quarter.

Business and industrial buildings of more than one section, and adjoining or adjacent buildings, under one independent ownership as a plant (if not separated by a street or by any other buildings or premises under another ownership) may be considered as one independent premises, and as such, subject to tbe computing and billing of the foregoing meter rates. In all other cases the supply through each service and meter shall be computed and charged as separate and independent bills.

Each quarterly period will be computed and charged for independently of any other quarterly period and the rates therefore shall be paid accordingly.

When a meter from any cause falls to register the consumption of water, the quantity sball be estimated and the charge made based upon the registration by the meter when in order or upon the registration for corresponding prior quarter or period.

Builder's Uses—Where water is to be used in the construction of ordinary framed buildings, or for small building operations where tbe use may be easily estimated, tbe meter installation may be temporarily deferred, as an accommodation to the owner or builder, until tbe completion or occupancy of the building, and a nominal estimated flat rate may be charged for builders use of water to the owner of the property who will be held responsible for such use and the payment of such charge.

The Water Registrar and the Supt. shall determine all cases where the foregoing provisions may apply, and each case sball be considered independently of any other, but no such estimated charge sball be less tban $1.00.

Miscellaneous and Temporary Uses—In certain cases of miscellaneous and temporary uses of city water, where the quantity used may he small, the charge for same may be estimated instead of being shown by meter, at tbe discretion of tbe Water Registrar and the Supt.

The Water Registrar sball bave tbe right to require an advance deposit as security for the payment of water bills, when be sball consider it for the interest of the city to do so; such deposit not to exceed a year's minimum rate for the property to be supplied or a reasonable estimate of the probable annual amount of such bills.

All bills due tbe City on account of the Municipal water works shall be payable at the office of tbe City Collector, Room 137, Municipal Building, Court and Pynchon streets within twenty days after the same are rendered and become due.

Inquiries and claims for correction should be made at tbe office of tbe Water Registrar, Room 319, Municipal Building.

Delinquent water bills are a lien on real estate.

WESTERN MASSACHUSETTS Electric COMPANY

A Home-Owned Industry

Of the 12,081 stockholders in the Western Massachusetts Electric Company, more than 90% of them are in New England — and about 75% of these live right here in Massachusetts. Most of them are thrifty folks who've invested a portion of their savings in an industry that serves nearly everybody.

In addition to these 12,081 direct owners who hold shares in the company, there are thousands and thousands of other people who are "indirect" owners without even knowing it. If you have a life insurance policy or a savings account, chances are that you're an indirect owner of your electric company, because your life insurance premiums and savings deposits often are reinvested in electric companies.

Probably a greater number of people in western Massachusetts have an *ownership interest* in Western Massachusetts Electric Company *than in any other local industry.*

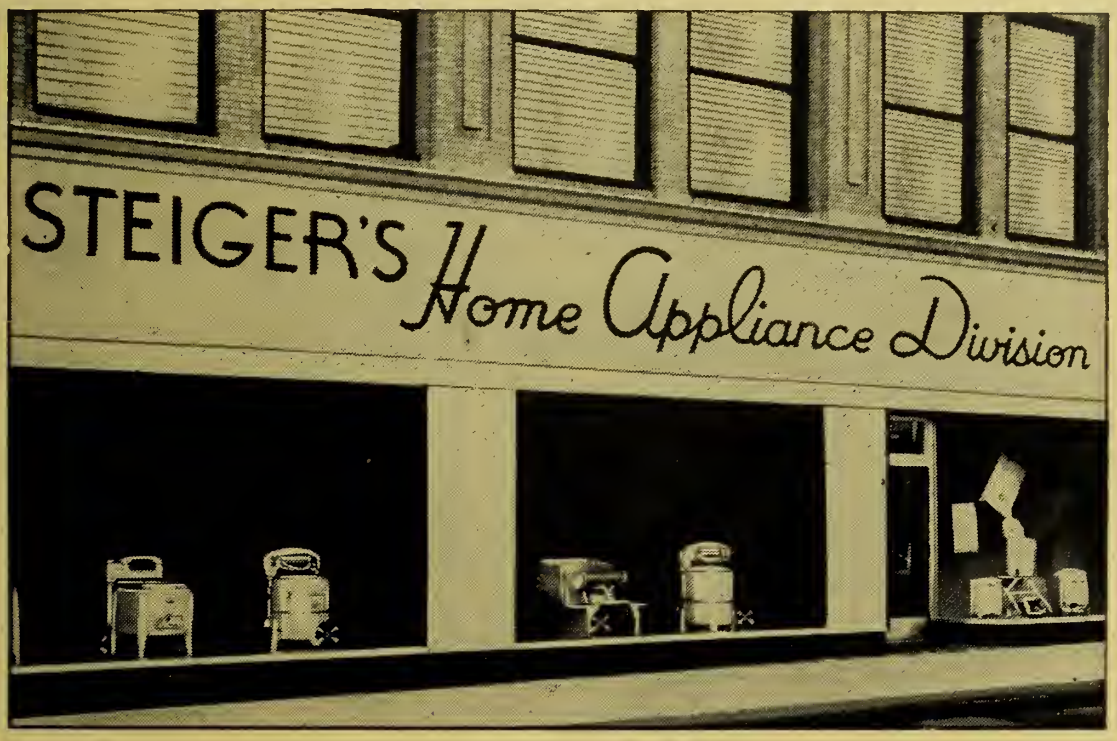
Common Sense

About City Directory Circulation

THE true value of advertising circulation is *circulation consulted.*

TO be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.



TO be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR every thousand directories sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days,* therefore—

1000 x 3½ x 305=
1,067,500

Consultations or

Circulation Consulted

UNFAILING GAS SERVICE since 1848

Over 100 years of uninterrupted GAS SERVICE is the record of this company. Through 5 wars . . . through good times and bad . . . through storm and hurricane, our service to homes and to industry in the Greater Springfield Area has been constant and sure.

Today, we are ever mindful of our responsibilities to maintain the supply of GAS SERVICE at all times.

THE City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the classified list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern up-to-date method of getting what you want.

The Highland owes its popularity to the really outstanding quality of its foods and beverages. People know that here they will find—always—delicious dishes and specialties, perfectly cooked and served in pleasant surroundings at sensible prices.

The men's Bar is known for its well kept draught beers and ales. The Highland cellars are well stocked with excellent wines, imported liqueurs and cordials, rare old bonded pre-prohibition whiskeys and leading brands of champagne.

Manufacturing Department

SPRINGFIELD PRODUCTS are known the world over. The following pages are an index to the wide range and variety, the kind and quality of manufactured articles produced in this great and growing city. As a distributing center for Western New England and Eastern New York, Springfield offers exceptional advantages. A live, progressive Chamber of Commerce, a large market of skilled labor, and splendid railroad facilities — insure progress, prosperity and publicity to the City of Homes. When doing business with concerns advertised in the following pages, please mention the City Directory.

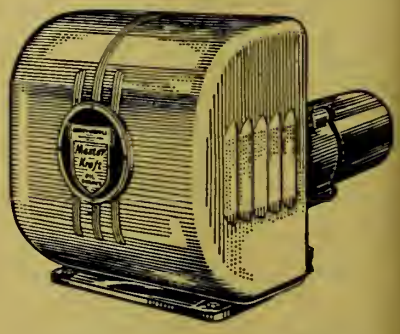
Master Kraft

OIL BURNERS, BOILERS

AND

AIR CONDITIONERS

Designed and Manufactured in Springfield

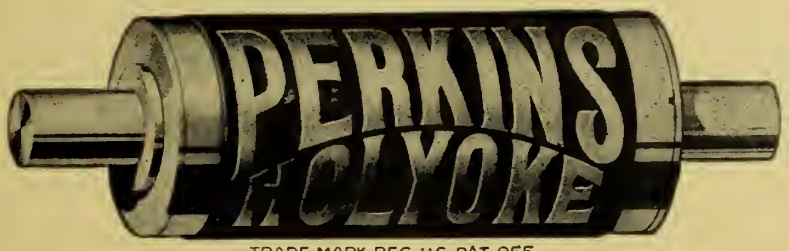


The new Master Kraft Sun-Blaze Boiler Unit — *only a third the size* of prewar units of equal heating capacity.

Here is tomorrow's oil-heating equipment—available *today.*

The makers of Master Kraft have designed an entirely new line of conversion burners to fit your present furnace—and new boiler units to replace your present furnace or boiler.

These new oil heating creations offer efficiency and economy far ahead of prewar types of oil heating equipment — are available for prompt installation



The new postwar Master Kraft conversion oil burner offers a new high in oil burner economy of operation.

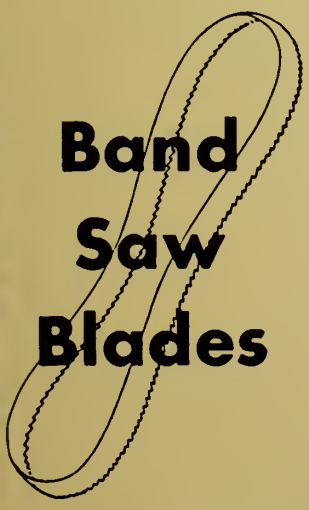
THE

LENOX FAMILY

OF

METAL CUTTING SAWS



Hack Saw Blades

Hacksmaster — UNBREAKABLE HAND BLADES — made of Molybdenum High Speed Steel — backs toughened so as to give them flexibility, and teeth edges hardened for durability.

High Speed — Genuine 18-4-1 High Speed Steel Hand and Power Blades, possess excellent cutting properties, great wearing and abrasive resistance qualities.

Mo-Speed — Hand and Power sizes. Molybdenum High Speed Steel Hack Saws — have unusual toughness in relation to their hardness, keen cutting edges, high efficiency.

Standard BLADES, hand sizes, the ordinary grade of hack saws made better. Can be furnished in the solid all hard type or the hard edge flexible back style.

Band Saw Blades

Hard Edge Flexible Back — our special heat-treating method tempers only saw teeth, producing an unusually hard cutting edge — used for hard and soft steels and non-ferrous metals.

Diemaster Narrow Metal Band Saw Blades in 100 foot coils for use on Do-All, Grob, Tannewitz and other band sawing machines — for accurate contour work and straight cutting. Packaged in our Safety Box.

Skip-a-Tooth — file-hard teeth designed with extra long gullet — ideal for soft sticky metals, hard and soft woods, plastics, and like material.

Wood Cutting BAND SAWS — Saws which retain their keen edge longer — give more cuts per saw — cut straighter and last longer than the ordinary Wood Band Saw.

New Family Addition — Lenox Precision — Master Ground Flat Stock

What Can We Do For You ?

ADDRESSING
We address envelopes and wrappers of every description at reasonable prices. Work promptly and accurately executed. Telephone and our representative will call.

DIRECTORIES
We publish Directories for over 100 Cities and Towns. The value of Directory Advertising is best indicated by their remarkable patronage. Rate card sent on request.

MAILING LISTS
We compile authentic lists of trades, professions, and every line of business. A good live mailing list, free from dead wood, can always be resold for what it cost you.

MULTIGRAPHING
We execute facsimile typewritten letters promptly. Our process is mechanically correct and the work itself is genuine. Just prices. Prompt, efficient painstaking service.

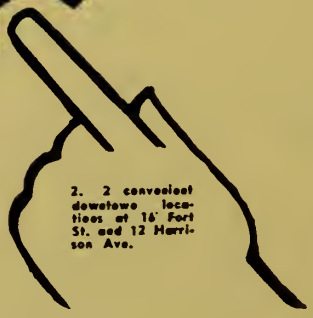
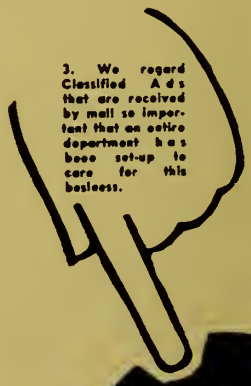
3 Methods

FOR INSERTING CLASSIFIED ADS IN THE UNION-REPUBLICAN-DAILY NEWS

By Direct PHONE 7-5366





A host of Springfield and Western Massachusetts people use the Springfield Newspapers Classified Ads when they have real estate to sell, a business opportunity to market, a vacancy in the office to fill, or a job to find.

They use Classified Ads whenever the commodity or service they have to offer makes it desirable for them to reach beyond the boundaries of their own streets or communities.

Three methods of handling orders make it easy to insert a Classified Ad. Use the method which you find most convenient and benefit from the tremendous result power of the Springfield Newspapers.

WHAT IS A REALTOR?

"REALTOR" is the name adopted by the National Association of Real Estate Boards as describing an active member of any one of the more than five hundred Boards in this country that are affiliated with the National Association, and have subscribed to the Association's "CODE OF ETHICS." The Courts have upheld the claim that this title cannot be used by anyone who is not a member of such a Board. Therefore, this term, used instead of "REAL ESTATE AGENT" is becoming increasingly known throughout the country as a synonym for correct methods of transacting the real estate business.

Storm Windows

'Orange' ALL-WEATHER WINDOWS

'Orange' Aluminum All-Weather windows are designed to supplement your regular windows. They consist of four simple units:—an outer frame that is permanently fitted to the window opening, plus two interchangeable winter panes and a summer screen.

Result—all your storm sash and screen troubles are solved! No back-breaking semi-annual switchover. No time or money wasted on painting or repairing. No problem of storage. The neutral color and satin finish of the trim aluminum frames blend with brick, wood or stone of any color.

Plus FUEL SAVINGS

up to 30% of your fuel is lost through uninsulated windows

— WITH ALL WEATHER DOORS TO MATCH!

Here is the finest all-weather door you've ever seen. It's all-aluminum, efficient and convenient. By simply loosening six screws, you lift out the storm glass panels, slip the screens into the same weather-tight aluminum frame.

Common Sense

About City Directory Circulation

THE true value of advertising circulation is *circulation consulted.*

TO be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

TO be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR every thousand directories sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days,* therefore—

1000 x 3½ x 305=
1,067,500

Consultations or

SUMMER CAMP FOR BOYS — Lake Norwich-in-the-Berkshires

CLASSIFIED DIRECTORY

ITS PRACTICAL USE IS TO GIVE

Information—as to any firm or individual in business, classified according to their business or profession.

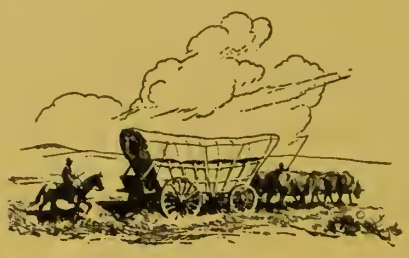
Information—as to Associations, Clubs and Societies, when and where they meet and the name and address of their secretary.

Information—as to Churches, their location and pastor together with the pastor's address.

Information—as to where to obtain a list of prospects for your products or service.

Information—as to where to obtain any service that your community has to give.

Information—as to where to buy advantageously when competitive bids are required for any given service or product.



—Finally—

If your neighbor has it to sell, give him your business.

Like consideration from your neighbor adds prosperity to both.

THE PRICE & LEE CO.
